

## Brentwood Lake Activity Description

Early in the year, contact Marge Czadzeck to make a reservation for our picnic at Brentwood Lake. It is a private lake, and Marge Czadzeck and the Furiosi's are the only members of the lake association that are in TCNC. We usually have our picnic at Brentwood in September (currently the 3<sup>rd</sup> Wednesday). It is gated, so you will have to get the key from Marge to unlock the gate so everyone can get in. Be sure someone unlocks the bathrooms!

If we move tables and benches around, we need to put them back where they belong before we leave. We also need to police the grounds and pick up any of our trash.

Place an article in the September newsletter (deadline August 20) describing time and place of the picnic and what to bring. You can refer to the previous September newsletter to help you write the article.

Have TCNC members call you to RSVP and report what type of dish you are bringing (a main dish, salad/side dish, appetizer or dessert).

TCNC has a couple of boxes with paper/plastic plates, cups, utensils, etc that are probably in the possession of the person who arranged the picnic for the previous month. They can be made available for those who want or need to use them.

Get gate and bathroom keys from Marge Czadzeck.

Bring bags for collecting trash and take the bags home with you.
