

Job Description for Home Dining

The Home Dining sub-group(s) meet every other month for a pot luck in someone's home.

At the beginning of the 2 month period, the Chairperson asks for 2 volunteers to host and then sends them a list of who to invite. Invitees are those members who have signed up for Home Dining. Currently (2015), there are 17 home diners, so they get divided into 2 groups. That is why there needs to be 2 volunteers. Each one hosts half the group.

The hosts and guests decide on a date and the menu. The host usually prepares an entrée and asks those who are coming to bring side dishes, salads or deserts.
